# Willow Creek

This desirable Planned Unit Development consists of approximately one square mile and 1,766 Homes, Townhomes and Patio Homes. Residences range in size from the 1,300 sq ft Greenbriar town house to the 2,600 Hampton single family residences.

Built from 1975 to 1982, The Writer Corporation developed Willow Creek with community and property values in mind. The expansive greenbelt with 4 sets of club houses, pools and tennis courts ties the community together with walkways and bike paths. (Amy Vandyken, the Olympic swimmer has her roots in Willow Creek).

The South Suburban Park and Recreation District maintains Willow Creek Park which offers playgrounds and playing fields.

This strong sense of community is supported by three active homeowner associations who share the values of the residence and help maintain this attractive environment.

## Three award winning Schools:

Willow Creek Elementary (Blue Ribbon Award)

Middle Schools; Campus and West Middle

Senior – Nationally acclaimed Cherry Creek High School.

## Activities:

Multiple Swim Teams  
Tennis leagues
